

Beautifully presented in a pure cotton luxury case with magnet closure, these interchangeable crochet hooks made from coloured anodized aluminium offer maximum flexibility for both crocheting and Tunisian crochet. The set consists of 7 crochet hooks in sizes 3 / 3.5 / 4 / 4.5 / 5 / 5.5 / 6 mm, 6 cables for lengths 60 / 80 / 120 cm, 2 knobs and one connector to join cables. The patented Glydon joint assures smooth transition onto the clear, soft cable.

Also available individually

The Pony safety stitch markers are cleverly designed to slip onto your stitches and can be locked, like safety pins, to keep the markers in place.

## Tunisian Crochet in the round

### Materials:

Pony interchangeable Colour Crochet Hooks  
5,5 mm and 6 mm, cable for 60 cm length  
2 x 50 g/165 m Double Knitting wool in colour A  
2 x 50 g/165 m Double Knitting wool in colour B  
Hold two strands of each colour together throughout.  
(Can also be worked with 2 x 50 g / approx. 85 m chunky wool in each colour)  
Pony safety stitch markers  
Some small buttons for closure if desired.

### Finished size:

To fit a cushion of up to 40 cm x 30 cm

### Tension:

15 stitches x 15 rows (forward and return pass are counted as one row) = 10 x 10 cm (It is important to check the tension to ensure that you achieve the correct size).

### Abbreviations:

ss = slip stitch  
FP = forward pass (when you put stitches on the hook)  
RP = Return pass (when you work stitches off the hook)  
A = colour A  
B = colour B

### To Make:

**TIP:** These circular crochet hooks are used like an Afghan or Tunisian hook. Loops are picked up on the hook in one row (forward pass) and then worked off the hook in the next (return pass). The cushion is made in a spiral. Because of this, it is necessary to work 50% of the stitches completely first and then work the remaining 50% of each round.

Instruction Cuddly Cushion

It's as simple as that:

With A, chain 85. Ss to join, taking care not to twist the chains. Mark the last stitch/chain with a stitch marker.

**Round 1:** Start the forward pass by inserting the hook into one loop of the chain (use the same part of the chain for each stitch), yarn over, draw loop through, leaving loop on the hook.

Continue to pick up loops in this way until you have roughly 50% of the stitches on the hook, or until no more can fit.

Turn the work and slide the work along the cord to the opposite hook. To start the return pass, make a loop with B.

Pull the loop through the first loop on the hook. (Pulling through one loop is only necessary for the first round).

Yarn over and pull through two loops (one of B and one of A). Continue to yarn over and pull through two loops until just one stitch of the FP and one of the RP remain on the hook.

Turn the work. Continue the FP with A by picking up loops until you reach the marker. Work stitch where marker is, move marker to the stitch you just completed (the new end of round stitch).

Turn the work. Continue the RP with B - yarn over and pull through two loops until just one loop of FP and one of RP are on the hook. Turn the work. One round complete.

**Round 2 to 59:** Repeat Round 1, but this time for the FP insert hook into the vertical bar (in colour A, just below the RP that you just completed), instead of picking up the chain stitch.

Continue as before. Check for size.

**Round 60:** With 2 loops on the hook (one of A and one of B), pull loop A through loop B, to fasten off colour B. Pick up next vertical bar as before, then pull this loop through the loop on the hook to bind off.

Continue to bind off in this way. Ss to first stitch and fasten off.

#### To finish:

Sew up one end of the cushion cover. Insert cushion. If you would like a removable cover, sew small buttons onto the other end of the cushion cover and add chain loops as button holes. If a removable cover is not required, simply sew up the other end of the cushion cover. Sew in all ends.

**TIP:** The FP is always worked in colour A and the RP is always worked using colour B. Each new round will always start with a FP using A.
