

PONY CERTAIN STITCH NEEDLES

Take out the guesswork with Certain Stitch Needles. These brilliant needles have been developed to give consistent length stitches that are evenly spaced. They will help build your confidence and speed up your sewing whilst also enabling you to achieve perfection. There are multiple ways you can use these needles from masterful hand-stitched hems and hand quilting to top stitching and surface embellishments.

A special band of colour has been added to the needle shaft so you can gauge exactly how long the stitch length will be, cutting down the amount of time and effort normally required. The resulting stitches are sewing perfection!

Pony needles are available in sharps, between, crewel and short darners and are available nationwide from craft, knitting and haberdashery suppliers.

The RRP is £2.99. For stockist information email groves@stockistenquiries.co.uk

A VERY SCOTTISH CUSHION AND NESSY

As St Andrew's Day is on 30 November, Quilting Antics bring us this pair of very Scottish patterns. A very Scottish cushion bearing the Monarch of the Glen. This majestic beauty strolls across a patchwork block, a simplified version of the Scottish Thistle block. Eilean Donan Castle, one of Scotland's most iconic castles, is appliquéd in the background. To accompany the cushion, Quilting Antics have also designed Nessy, the Doorstop Monster pattern. How much more Scottish can you get than a Loch Ness Monster? Whilst they have made him as a doorstop, you could also use him as a soft toy.

The RRP is £6.50 per pattern. To purchase visit www.quiltingantics.co.uk
